

WE ARE **EVOLVE**

We can get so excited about new business ventures, especially when it comes to creative tasks like designing logos, picking brand colours and creating content. But it is so important to set a strong business foundation first. So before you begin to design a logo or choose a business name, make sure that these three key elements of your business are in place.

OUR MISSION

We aim to foster a sense of belonging, mutual support, collaboration and social cohesion among Evolves members in a close-knit and supportive living environment, enhancing well-being and promoting a more fulfilling, productive, fun and purposeful way of living.

OUR VISION

To reimagine the standard of living and build a strong, vibrant and sustainable community of colivings for digital nomads on an international scale.

OUR VALUES

Collaboration
Connection
Community
Sustainability
